POPULAR YOUNG LADY, JOAN LISCOUMB, DIES

A popular member of Newmarket's teen-age group, Joan Liscoumb, daughter of Mrs. Mildred Liscoumb, died at York County hospital on Nov. 7. She was in her 18th year.

Joan was well-known in Newmarket, where she was employed in Campbell's Book Store. She had a charming personality and a keen wit. She was a member of Trinity United church and taught Sunday-school there.

Besides her mother, a sister, Mrs. George Smart (Joyce), survives.

Rev. Henry Cotton conducted the funeral service at the chapel of Roadhouse and Rose on Friday afternoon. The service was largely attended and the floral offerings were many and beautiful.

Laurie Cotton, Grant Blight, David Weddel, Tom Dales, Bill Hopper and Don Brown were pallbearers. Interment was made in Newmarket cemetery.

MISS GRAY WILL SPEAK

The monthly meeting of the Newmarket Women's Institute was held on Thursday, Nov. 9, at the home of Mrs. W. J. Geer. Some interesting facts were given on the production, marketing and retail prices of pork, milk and eggs by Mrs. Roy McDonald, Mrs. Elton Armstrong and Mrs. Arthur Boyd.

Miss Gray of the department of agriculture will speak in the soldiers' clubroom on Nov. 24 at 2.30 p.m. Her subject will be Family Co-operation for Good Nutrition.

Must Pay For Democracy, Rector Tells Lions Club

Monday was Remembrance Night at the Newmarket Lions club meeting. Members of the club brought as their guests members of the Newmarket Veterans' Association. President of the association, Alf. Smith, shared head table honors with Lions club president, Herman E. Gilroy.

Dr. G. H. Johnson, St. Paul's church, was guest speaker. Talking on his theme the phrase, "Let's listen to reason," Dr. Johnson said: "Many of us expect the gifts of democracy but are not willing to pay for them. The rights of democracy are free to us, they are part of our heritage, but we must pay for them nonetheless. We remember those who paid for them and are paying for them in the service of our country."

"One of the prices we must pay at home is the application of intelligence and reason. Over every problem there is spread generalities, misinformation and ignorance. Let's listen to reason instead," Dr. Johnson urged. He pointed out that a good field for the application of reason, "I am fed up with hearing generalizations on one race or creed by a member of another race or creed. Let us have done with comparing the best we produce with the worst that another race or creed produces."

There is ample need for the application of reason and intelligence to the problems of the post-war period, Dr. Johnson said. "Surely, if we have the brains to organize for war, then we can organize for peace."

Town Veterans Join In Honoring Dead At Cenotaph, Churches

Newmarket remembered her dead of the last war in church services and in a short ceremony at the Newmarket war memorial Sunday. Services were held at the Newmarket high school and in the public schools. Friday, the pupils of St. John's school placed a wreath at the memorial.

Saturday, Nov. 11, school girls sold the traditional poppies in the streets. There was no apparent recognition of the two-minute silence on Main St. at 11 o'clock, the services being held Sunday. Soldiers of No. 23 attended services at Trinity United church Sunday morning.

George Wales, secretary of the Newmarket Veterans' Association, said that sales of poppies were the largest in the history of the association. The amount received was \$282.

Sunday morning, before service at St. John's church, a short service was held at the memorial by the Veterans' Association. Mrs. John J. O'Connor placed a wreath on behalf of the veterans. Rev. Fred Lundy placed a wreath on behalf of the town. Rev. Henry Cotton conducted the service.

SERVICE AT ST. JOHN'S

Sunday morning, after laying a wreath at the Newmarket war memorial the veterans of Newmarket paraded to St. John's Roman Catholic church.

The national colors were presented at the altar by Sid Brice and Alf Smith. During the memorial mass, which was celebrated by the pastor, Capt. Rev. W. D. Muckle, D.D., the children's choir sang appropriate hymns.

Capt. Muckle, in a short address, pointed out that on Armistice day each year "we are reminded of the heroic sacrifice made for us by these men who sleep in Flanders Field, of the extremely high price they paid that we might be free and happy in our homes. Also, we think of those who, although they were not called upon to make the supreme sacrifice of laying down their lives, yet returned, bearing lasting wounds and suffering anguish and pain in their bodies."

To all these, said Capt. Muckle, "we owe an eternal debt of gratitude. It is not paid to the returned heroes even with a full pension for life—this is the minimum return. This does not remove the continued suffering, replace lost limbs or recompense the handicaps of normal living. We owe them respect, affection and any help that we can give them to make their life happy. Children should be taught by parents to manifest their esteem and gratitude to every veteran by a salute when they meet him."

After the communion of the mass a collection was taken up and presented on behalf of the congregation to the veterans.

The services ended with the Last Post and the National Anthem.

N.H.S. PUPILS EXCEED QUOTA IN 7TH LOAN

Purchase of a dictaphone for the commercial department of Newmarket high school was discussed at a board meeting on Monday night.

"A rebuilt dictaphone could be purchased for \$190," said Principal J. W. Lockhart. "The transcribing machine is the same price and the shaver \$80. There are no new machines on the market."

"We want our commercial department to be hundred percent," said Chairman A. N. Belgin. "It is necessary for commercial graduates to know how to use a dictaphone, I think we should have one in the department."

"I think we ought to make further inquiries and see if this machine is suitable," said J. E. Nesbitt.

"We could have the machine brought to the school and then anyone who wishes could come to look it over," suggested Mr. Lockhart.

The board agreed to this course of action.

Newmarket high school students bought Victory bonds of the last loan issue worth \$1,950 Mr. Lockhart informed the board. He said the objective for war savings stamps purchases by the students was set at \$1,200 this year.

The funds of all school organizations, Mr. Lockhart said, are now being kept in a single bank account.

"Each organization's accounts will be kept by its treasurer, checked by the teacher on the staff of that organization and then turned over to Robert Dick to be banked daily. We prefer not to have money kept in the school," said Mr. Lockhart. "We could then have the books checked by the board's treasurer during the summer months."

The board approved this method of keeping books of school organizations.

Mr. Lockhart said that the students' benefit fund had a surplus of \$350 and so the fee was being cut from 10 cents a month for each student to 50 cents for the entire year.

At commencement exercises on Nov. 24 graduates will be the guests of next year's graduating class, and diplomas and prizes will be presented.

On Monday and Thursday evenings typing, bookkeeping and shorthand classes are being held at the high school for service personnel from Newmarket military camp. "There are 14 students registered and if the number falls below eight the classes will be cut out," Mr. Lockhart said.

Arrangements were made for the army camp to use the high school gymnasium on Wednesday evenings for basketball.

Mr. Lockhart told the board that out of 294 T.B. skin tests given to high school students ten showed positive reaction and were sent to Toronto for X-rays. "In only one case is there a possibility of T.B. becoming active. That student has been advised to have another X-ray in six months."

Surviving are one daughter, Mrs. Elsie Blackburn, three granddaughters, Mrs. R. Watkin, Mrs. P. B. Walsh and Rose Claire, one grandson, William, now serving in Italy, two great-grandchildren, Bruce and Tony Watkin, and five nieces, Mrs. Hilda Creighton, Mrs. J. McCann, Mrs. M. Forhan, Mrs. W. Walsh and Mrs. T. Traulser.

Rev. J. F. Kehoe conducted mass at St. Clare's church on Monday morning. Interment was made in St. John's cemetery.

The pallbearers were R. Watkin, F. Regan, M. McQuaid, J. Longergan, C. Creighton and W. Metzler.

TO CANVASS TOWN

Rev. R. W. French, Toronto, will canvass Newmarket and district in the near future on the behalf of the Lord's Day Alliance.

A new French offensive has been opened north of the Swiss border.

Dr. and Mrs. G. A. C. Gunton returned to their home in Aurora to find their five children overcome by gas. After artificial respiration had been applied for periods up to two hours the children recovered.

OVER THE TOP IN BOND DRIVE

Newmarket and district went over the top with something to spare when the deadline was reached in the Seventh Victory Loan campaign.

Newmarket camp set a new record of 242 percent of their quota of \$45,000. This morning, Major Gen. A. E. Potts, district officer commanding, presented the chief of the general staff's flag to the camp in recognition of having made the best effort of the campaign in the district.

Newmarket bond-buyers purchased \$407,500 worth of bonds. The town quota was \$350,000. The North York district was over its objective of \$2,400,000 by \$113,000. Neither Whitechurch nor Georgina townships have reached their objectives, but all other centres are over.

Davis Leather Co. subscribed \$34,150 with an objective of \$22,200; Dixon Pencil Co. subscribed \$9,200; Collis Leather subscribed \$20,400 with an objective of \$15,000; Sisman Shoe Co. subscribed \$19,500 with an objective of \$12,400.

Victory Loan officials said that there had been a larger number of individual applications for bonds than last loan.

A fur coat, valued at \$135, was stolen from I. Lindemann's store on Main St. Tuesday afternoon. It is believed that the coat was stolen by a woman and two men who, Chief Constable James Sloss said, were identified as part of a Toronto gang who are held responsible for a number of shop robberies.

Chief Sloss said that, according to his information, the three entered the store and the woman went to the fitting rooms where she tried on a dress. While she had the attention of the clerks, it is believed that one of the two men took the coat. Mr. Lindemann, noticing the coat gone, followed the trio to the sidewalk but was unable to see them.

M.O.H. REPORTS ON CONDITION OF WASHROOMS

The medical officer of health, Dr. J. H. Wesley, reported "the conditions he found existing when, as the result of a complaint, he inspected the basement of Alexander Muir school, to the public school board at a meeting on Friday evening. Mrs. J. C. R. Edwards was in the chair.

Dr. Wesley said that in the boys' lavatory only one out of 13 toilets would flush; the woodwork throughout was filthy; milk bottles brought into the school in the morning were still in the basement after noon and would not be removed until the next morning; and that they bred flies and mosquitoes; the basement was exceedingly hot and there was an odor of coal gas.

"The dairies have not sufficient staff to make a return trip to pick up the empty bottles," said L. H. Bovair. "Would you like the milk cut off?"

"No, I wouldn't like to see that happen," said Dr. Wesley. "The toilets are outmoded and have been for years," said Mr. Bovair. "We are constantly having them repaired."

"The lavatories are simply a disgrace," said Dr. Wesley. "We have them repaired from time to time," said Mrs. Edwards, "but the repairs do not last. We were hoping to install a complete new set-up during the Christmas holidays."

"As far as the furnaces are concerned," said Mr. Bovair, "the furnaces and pipes have all been cleaned but we have to burn coke and I expect that's why we have gas."

"Yes, the gas is probably from the coke and from trying to check the fires because of the warm weather," said Vice-principal F. L. Hall.

"I think the filth of the woodwork is overstated," said Mr. Bovair. "That whole place was scrubbed this year and it is hosed down regularly."

"Who is to pay for the equipment the public health nurse has installed in the schools?" asked Mrs. Edwards.

"I don't know," replied Dr. Wesley. "I told her to go ahead and get the things she needed and that it would be paid for."

"We feel that we should pay for anything pertaining to school records that would stay permanently in the schools. I don't know who authorized these purchases but we have not budgeted for them and I think the board of health should meet the expense," said Mrs. Edwards. "These things should have been prepared for Miss Smith before she arrived so she could start to work. Instead she has been held up by lack of equipment."

"Someone should be appointed who is authorized to do these things for her," declared Robert Pritchard.

Asked by Mrs. Edwards what the department's attitude is about giving T.B. skin tests to public school children, Dr. Wesley said the department is in favor of it.

FARM FORUM URGES MORE CARE OF SOIL

The Newmarket East radio farm forum met at the home of Mr. and Mrs. Vern Mount on Monday of this week to discuss the topic, How can our land be made more profitable?

The three discussion groups into which the forum was divided were unanimous on the following decisions:

Farm land can be made more profitable by soil analysis and surveys to show what crop is most suitable.

By rotation of crops, growing legumes and ploughing under, keeping more livestock, better cultivation and the continuous use of commercial fertilizers. Improvements can be made in drainage facilities and every farm should have a woodlot to help retain moisture and prevent wind erosion.

The forum decided to obtain sample soil boxes from the department of agriculture and have soils tested.

The subject next week will be Hydro on the farm, if a speaker can be obtained, Credit Unions. The meeting will be held at the home of Stanley Boyd. Last week the Newmarket East forum discussed the topic, Is our soil worn out? The meeting was held at the home of Mr. and Mrs. W. H. Wilcock.

The forum groups decided that farms are more productive now than they were 20 or 30 years ago due to better farming practices. The forum agreed that more commercial fertilizers should be used and that lack of income, sometimes energy, and at present, help were large factors in preventing improvements.

The Kenwick forum, meeting at the home of Mr. and Mrs. Perry Winch and discussing the same topic, decided that farms are less productive now than they were 20 or 30 years ago since the increase in produce was not on par with the improvement of farming methods.

Mayor Says Renting Rink Is Better Than Closing For Season

In a statement to The Era and Express, Mayor Dr. L. W. Dales declared that the town rented the arena from the company because it "is essential that a property which is to become ours in the near future should be protected and kept in good repair. The only alternatives (to the town renting the arena from the company this year) were to allow it to close this winter and let all patronage go elsewhere, or let some private promoter use it for personal profit."

The town chose to rent the rink, said Mayor Dales, and to make the cost of renting the first charge against "all revenue paid by those using the rink for pleasure and entertainment."

The full text of Mayor Dales' statement follows:

"Town pays \$1,000 rental for the arena for the season of 1944-1945. This should read that the town will guarantee \$1,000 rent but will actually pay nothing for the season 1944-45, and further the taxpayer will also benefit by any profits that are made. This is the intention of your rink committee and their plans have been formulated to that end based on actual revenue over a period of several years."

"The following facts should be kept in mind. (1) We do not own the rink and cannot buy it until certain legal formalities are completed with. Permission must first be obtained from the provincial government, by means of a private bill, for us to buy the rink. Then, the approval of the board of municipal affairs must give assent to the issuance of debentures for the capital cost. When the debentures are exchanged for cash, the arena will become a town asset and the deed town property."

"(2) It is essential that a property about to become ours should be protected and kept in good repair. The only alternatives we had were to allow it to be closed this winter and let the patronage go elsewhere or to let some private promoter use it for personal profit and leave it probably in a condition materially worse than it was and oblige us to spend a great deal of money to put it back in shape. The only other choice was to operate it on a rental basis making the rent first charge against all revenues paid only by those using the rink for sports and entertainment, skating, carnivals, hockey, etc."

"This choice was considered the most sensible and practical. The council appointed its rink committee and you may rest assured that no time nor trouble will be spared to present to you next year a profitable balance sheet besides."

Monday night, 35 or 40 hockey enthusiasts turned out to an organizational meeting of Junior C hockey. Members of the executive for the coming season were chosen. They are: honorary presidents, A. J. Davis and Mayor Dr. L. W. Dales; president, Ray Jelley; vice-pres., Burt Peterman, manager, Jim Walker; sec.-treas., George Haskett; transportation, Cecil Taylor; advisory committee, Major Adams, Pat Vernon, Ken Mount, Cliff Gunn, Bill Gibb, Stan Smith.

Public and high schools will be contacted and asked to arrange their schedules and any other organizations who are interested, said Mr. Beazer. THE ISSUE

Last Wednesday night, Prime Minister Mackenzie King said: "There is no overall shortage of potential reinforcements."

Sunday, Col. J. L. Ralston, former minister of defence for army, said that on his recent inspection trip overseas, he found reinforcement pools "so depleted as to not ensure prompt replacement of casualties."

There is more of it but what is the use of repeating it? In those two statements is contained the whole issue. Who are we to believe?

Are we to take the Prime Minister's statement, that there is no overall shortage of potential reinforcements, are we to take that statement for the truth and yet remember that the Quebec vote is needed by every prime minister and that Quebec has consistently opposed compulsory service?

Or will we accept as truth the contradiction of the former defence minister who has repeatedly stated that when it was necessary, draftees would be sent overseas and who, when his demand that draftees be sent overseas was refused, resigned his position?

Prime Minister King has called Parliament to meet Nov. 22. It is reported that he will seek Parliament's decision on whether the government will continue with voluntary service or impose conscription.

Then, as never before, Parliament must play its historic role with uncompromising sternness. Presumably Mr. King will inform Parliament of all the facts governing the manpower issue. Each individual member must decide his stand and act accordingly. The country must be prepared to abide by the decision.

HARD GOING AHEAD

Two of the knottiest problems facing international planners are: uniting nations of different political creeds around the conference table for the benefit of all nations; reconciling national aspirations with international planning. Both problems are thrown into sharp focus at the Chicago civil air conference.

Russia recalled her delegates on the public excuse that Switzerland, Spain and Portugal were also invited. These three nations, said Russia, have maintained a policy hostile to the Soviet Union.

The Australian-New Zealand proposal that an international body should be granted power to allocate air routes and license operating agencies was turned down by an unrecorded vote. The United States representative argued that the time was not yet ripe for such a proposal. Canada and England were silent. France agreed to the proposal.

Non-participation of the Russians underscored the difficulty that all such conferences must face when nations, not only of differing political views, but nations who have been enemies, must sit together. Will Russia sit with Germany? Will U.S.A. sit with Japan? Yet all nations must be included in any international conference if it is to be truly international.

The refusal of the Australian-New Zealand proposal can be interpreted in many ways but the interpretation that lends itself best to facts is that nations who have built up their air routes during the war are reluctant to lose that initial advantage.

The United States has routes down to South America and hence to Africa, India, and over the "Hump" to China. Evidently, that nation has a vast network of routes across the Pacific ocean. Canada has ports and facilities for trans-Atlantic routes and potential over-the-Pole routes to Russia. England has routes linking its Empire.

Australia and New Zealand have been swamped with U.S. air services. The two nations are "have-not" nations. Yet they share equally in the potential benefits of international services. They have equally the need to employ air force personnel.

Prizewinners of the North York Victory Loan essay competition are Bruce Davidson, Newmarket, Abner Hulse, Aurora, Nellie Collard, Stouffville, and Evelyn Denne, Newmarket.

Davis Leather Co. quickly reached their Victory Loan objective for the factory and then proceeded to subscribe \$30,850, which gives the factory nine crests for their honor banner, a crest being awarded for each 25 percent by which their objective is exceeded.

The town of Newmarket has won their Prince of Wales flag and four crests, the grand total of \$272,650 having been subscribed by the town.

The Newmarket Industrial Classes open at the King George school next Monday evening.

Butter was 60 cents a pound on the local market this week. Eggs were 80 cents a dozen and oats 90 cents a bushel.

The citizens of Newmarket tendered the third banquet to the returned soldiers and nursing sisters last Tuesday evening.

The scarcity of water for domestic purposes led the council

to investigate the matter and a large sum of money was spent in experimenting for the purpose of learning the quantity of water that can be depended upon from the artesian wells and the best way to obtain sufficient flow.

The teen-age girls of the Methodist church had supper in the gym last Saturday evening, with Miss Zigler of Toronto giving the address.

SUPPORT OUR TOWN

(The Barrie Examiner)

The Barrie Chamber of Commerce now has 300 members who have signified a willingness to lend their support to promote the interests of this community. The chamber, with an office, a full-time secretary-manager, Major J. R. Dudley, and all the preliminary work for an active winter season completed, is an organization that should have cordial co-operation from all citizens.

Twelve committees have been planned by the directors, and the manager has compiled suggestions for an outline of the work that might be carried on by these separate groups. All branches of community activity are included. There will be committees on industry, rehabilitation, sports, tourist trade, airport, and other interests. There is no branch of community interest that will be omitted.

The business leaders of Barrie could not have decided on a more opportune time for initiating the work of a Chamber of Commerce. With the prospect of hundreds of Barrie boys being returned to civilian life within the next few years, it is the direct responsibility of this town to do its share in assuring that they will have something worthwhile to come back to here. They will want work with wages; they will want comfortable houses to live in; they will want to find the leaders of the community actively striving to make it a better place in which to live.

The Chamber of Commerce is leading the way. It is now up to each one of the 300 individual members to interest himself in at least one of the committees being formed. . . . The time for the individual member to demonstrate his interest is now!

TOWN PLANNING

(Smiths Falls Record-News)

Last week residents of Smiths Falls and district were given the opportunity of "looking into the future" of how Smiths Falls may be developed under the town planning scheme during the next 20 years. Through the untiring efforts of John Layng, advisory consultant to the town planning commission, an exhibition showing 18 analytical studies of the 20-year plan for the development of Smiths Falls was held in the town hall. The charts and studies were prepared by Mr. Layng and were most illuminating and educational.

Large crowds attended the showing and were no doubt surprised, and keenly interested in the great future possibilities of Smiths Falls. The highlight of the exhibition was the address given by Hon. Dana Porter, Ontario Minister of Planning and Development, at the public meeting held on Thursday night. Mr. Porter praised the commission and told the large gathering that "Smiths Falls is definitely a leader in town planning in the province. This is exactly the sort of thing we hope to accomplish throughout Ontario." Hon. Mr. Porter emphasized that town planning should be encouraged and supported from the common sense viewpoints of health, recreation, public welfare, better living standards and employment. Mr. Layng had included all these essentials in the plan. Hon. Mr. Porter was so impressed with the exhibition that he suggested that the charts on display be reproduced in colors in a booklet and used as a model for other towns. He gave assurance that the province would pay half the cost of the booklet.

As stated by Mr. Layng, in his remarks at the meeting, the proposals as outlined were merely suggestions and that all plans would receive careful study before definite action was taken. Unfortunately there have been "knockers" to the Twenty Year Planning project. The criticisms, however, were made, in the main, by those who were not interested enough to ascertain just what the plan involved. . . .

The town planning commission, along with Mr. Layng, are to be highly commended for their unselfish efforts in developing the planning scheme to its present phase. It has required considerable time on their part and it is to be hoped that their endeavors will bring results. There are great possibilities for Smiths Falls during the next 20 years. Whether the same will become a reality depends solely upon the co-operation of all citizens. Citizens are urged to support the plan and thereby assure that Smiths Falls will become one of Canada's ideal and best planned towns.

THE COMMON ROUND By ISABEL INGLIS COLVILLE

A DAY OF MEMORIES

There are some pictures that hang on memory's wall that we do not take time to look at very often. Some may not be beautiful but hang there as a reminder of mistakes not to be repeated; some are of pleasant people and happenings that date from childhood and all have a special significance for the person alone who owns this particular hall of memory.

But there is one day in the year which is a day of shared memories, a day when memory leaps the gap of 28 years and hears again the wildly jubilant and chaotic acclam which hailed the 11th day of November, 1918.

Little snapshots of that day hang in my memory. The sight of two highly respected and ordinarily dignified doctors dancing a wild dance on the main street of Brockville, seeing our grocer adorned with a collection of lids and pans—a saucepan on his head—and in his wake a goodly number of the small boys of the town, also with tin accoutrements parading through the town like a modern Pled Piper; watching effigies burned and all the mad, unthinking celebration. All these have their place but are seldom looked at.

But in a place of honor hang quite different pictures. One of men in trenches, mud to their knees, unwashed, unshaven, cold, hungry and homesick, waiting for reinforcements slow to come, waiting for more artillery support, but holding on, making Canada a name that stands high on the honor roll of nations.

Then there is one of the crosses, "row on row," not only in Flanders' blood-stained poppy fields, but in France and other lands.

It seems to me that if we had taken out this picture often and pondered its lesson we would not now have more vivid and terrible pictures to hang beside it.

Each cross marked the passing of a lad dear to some family and valuable to the land he had not had much chance to enjoy or work in.

Each marked the place of one who gave his ALL—he didn't just go into a well-paid war job—he didn't just buy a few Victory Bonds—he took his young life, in his hands and gave it freely for an ideal—for the better, fairer, more democratic Canada than his father knew.

And we vowed we would never forget his sacrifice, but we hung

his picture on memory's wall and let it gather dust during the few, fift years of plenty and the wild, drab, unthinkingly cruel years of the depression.

As we used to suppose ostriches did, we hid our heads and refused to read the signs of the times.

The veterans of 1914-18, poor, disillusioned by the failure of the country they had fought for to live up to its promise, saw with clearer eyes that the work of securing a lasting peace had not been finished.

The picture of those depression years can never be erased, they did something to those who felt their full effect which time has not erased. The broken homes, the insufficiently fed, insufficiently trained children could not develop into the best types of citizens and many a prison houses the products of our years of indifference. We say we have learned our lesson, that peace, when it comes, will have its jobs, its security, its training and its recompense for the men who DO return.

I have been reading in various magazines, Canadian, American and British, about the plans for rehabilitation. Some towns are making their own plans, and rather wonderful ones designed to give the returning men a sense of having really come HOME, home to the job and security they dreamed of for themselves and their families.

One hears a lot of "back to the land" talk, although I heard one authority say the training of men for this job should be very thorough and efficient and my husband and I agreed with him.

We, having been town dwellers, came to the land after the last war to help my husband regain what he had lost in four years overseas. We came when everything was bleak and what we had to sell, when at last we had it to sell, was so lowly priced that it didn't make sense. Hence, other means of making a living had to be found, although continuing to live on the land, which we love.

Many had to give up the struggle, hence the abandoned farms. If the government could finance these men for two or three years, till they were established, till they had, so to speak, sunk their family tree deep into the soil, they would probably develop into real farmers, future with a hope sure of fulfilling always providing buying and selling ment.

POT POURRI

By GOLDEN GLOW

Jack Miner, bird lover, the man who knew more about our Canada geese and other migratory birds than any other man living, died at his home near Kingsville Friday, Nov. 3.

In his early days he used to hunt the wild fowl and became quite skilled in luring ducks and geese into gun range. Then he began to wonder how and where they lived from season to season and how long they lived and how far they flew in one flight in their migration. In fact he wanted to know everything about them he could find out.

From this small beginning evolved the now world-famous Jack Miner Bird Sanctuary. From a modest 11 or so Canada geese that he coaxed to his home in his early 20's, within five years he had founded the Essex County Game Protective association and a few years later the Jack Miner Bird Sanctuary till the 11 had increased, year by year, to thousands, while at the height of the migratory season there is "standing room only."

To find out in what part of the country the ducks and geese spent the winter months, he searched the world and wrapped it around the leg of a duck he had befriended, a black duck by the name of Katie. The next year Katie told by a hunter's gun and Jack Miner received the metal band back from South Carolina. That started him off hunting more and more birds, but the idea of the Scripture texts on each one came from his wife. They were cutting bands in the basement of their home when Mrs.

remained at comparatively even keel. The picture of men who tried and failed is not a pleasant one, but it too goes on memory's wall as a reminder.

We have new pictures now, of gallant birds who are doing something magnificent and soul satisfying for YOU and ME. They too are coming home and will be in greater numbers.

Let us hope the pictures of them in the future will continue their saga of bravery, resource and loyalty. WE are the painters—across the responsibility of seeing that the background is fine, rugged and sunny and the human figures stalwart and satisfied, facing the future with a hope sure of fulfilling always providing buying and selling ment.

Miner began reading the Scripture text for the day on a church calendar they had just bought at the door. The idea came to them that by using the different text for every day on that calendar it would give them the exact date of the banding and not only that but the birds would be missionaries as well, carrying their messages to strange, far-away places.

Of course you know where Kingsville is—or do you? Well, for fear you do not, I'd better tell you. It is, of course, in Ontario, on Lake Erie, not very far from Windsor and Detroit. Jack Miner's place, like most others in the district, was swampy and had very few trees growing there. But he has changed all that. He has planted trees of all sorts—trees for windbreaks, trees for beauty as well as for use. He planted over a hundred hard maples, 12 feet apart each way, and in the centre of the grove he has made an out-of-door pulpit, and many are the church services he has had in his sylvan cathedral.

To accommodate his many visitors, he has made a park, also a ball ground and a playground for the children of the community. Every year at the height of the season the government sends several "mountain" to protect both the Miner home and the birds as well. Tourists and visitors go by the thousands. I wish I could recall the wonderful tales my R.C.M.P. nephew used to tell us about it, for he has several times sent them to keep order, and a few summers ago my two friends from Detroit, with whom I used to spend my holidays, were there and I was to have joined them, but alas! The war intervened and spoiled my visit. Maybe some day I shall still have that dream come true. They say if you want anything badly enough and long enough you'll finally get it, and I've wanted to visit the Jack Miner Bird Sanctuary for quite a long while now.

From the modest beginning using the grounds round his home and an old brickyard quite near, he was granted a two-mile area by the government during the last war in recognition of his splendid work and he has developed artificial ponds and lakes to accommodate his many visitors who must have been able to communicate the glad tidings to all their friends, for they come back year after year for food and rest and each migration more arrive with the old comers.

The work of checking them for injury and of banding them, or looking to see if they already wear a band and renewing it if it is five years old, must be a colossal task. They have a special part of

the grounds arranged for that purpose where they have built a trap of chicken wire at one end of the little lake, and the geese crowd in by the hundreds. Just before the din when the work begins and the geese start fighting and honking and hissing when they are pushed into gunny sacks for the checking over.

The inch-wide aluminum bands are ready and as each one is banded it is released to join its comrades in the lake. These bands, each with their Scripture text, are returned by the thousands. In fact 30,000 bands have been returned from all parts of the continent and, from the story these bands tell, Jack Miner and his sons were able to gather accurate information which they carefully filed away. Thus they found that the oldest duck shot, and the band returned, was 22 years old—while a Canada goose lived to be 25.

They have found out that a Canada goose can and does make a non-stop flight straight from Kingsville to the Hudson Bay territory, for thousands of bands have been returned from there and only a very few between that area and Kingsville. Jack Miner, too, was wonderful in his ability to fix injured birds and he had a bird hospital which the birds seemed to appreciate, as well as the food and shelter.

Through the aid of the Canadian government Jack Miner used 350 acres of the 550 acres his late father had for his bird lands and the morning he died of a heart attack he had been making his usual rounds among the birds he loved so well, with his pockets full of corn.

He is survived by his widow and three sons, who, we hope, will carry on his wonderful work. He is known from one end of the continent to the other, in fact, besides other honors heaped on him, King George last year conferred on him the Order of the British Empire in recognition of his work with migratory birds. Among other things he did was the special effort he made to prevent wood ducks from becoming extinct. Last year he had 500 wood ducks on his ponds so surely that dream came true. If only his dream of an endowment fund to carry on the work when his day was done—and that has now happened—can be fulfilled, the migratory birds will be assured of a great international home from now on. A picturesque figure has been removed from our midst but let us hope his life work will not be lost.

MAGISTRATE'S COURT.

HALLOWE'EN CHARGES DISMISSED IN COURT

When military police searched his premises at Rainbow Gardens, Keswick, on Oct. 31 and found 1,400 22 calibre rifle cartridges and two boxes of 12-gauge shells in his possession, a charge of illegal possession of "public stores" was laid against Albert Oselton. The defendant pleaded not guilty in magistrate's court on Friday but Magistrate W. F. Woodliffe stated he could not accept his story and fined him \$100 and costs of \$12.75 with an alternative of three months in jail.

Cpl. H. O. Finger, Provost Corps, Camp Borden, testified that he and another police officer searched the accused's premises and found the ammunition. He stated that accused admitted that he had purchased the shells from a soldier who told him that he was "hard up."

Questioned by Crown Attorney Arleigh Armstrong, the witness stated that the accused, who told him that he belonged to a shooting club, kept the ammunition in a suitcase in his room. On each package of shells was printed, "property of the Department of National Defence." Cpl. Finger said that the ammunition in accused's possession was only a small part of a large amount stolen from the supply room at Camp Borden.

"I might say that the accused gave us and is giving us every assistance in trying to track down the culprit," stated the witness. "He said that he did not know the ammunition was government property."

"Would you say that the accused had anything to do with the theft of the stores in the original place?" asked Lorne C. Lee, counsel for the defence.

"No, I would not," replied the witness.

Accused told his worship that he had purchased the goods about the last week in September from a soldier he knew when a boy. He stated that he was working in the tea-room and was quite busy at the time he bought the ammunition. He put it in the suitcase in his room without looking at it and did not see it again until the police found it, he said. He had no inkling that it was government property, accused stated. Accused also stated that he was a member of a club and used ammunition for target practice.

"It is clear that each of these cartons is the property of the Department of National Defence," stated Magistrate Woodliffe. "It is clearly printed on each container. I can't accept your story that you did not know this. The very fact that a soldier sold them to you should have put you on your guard. There'll be a conviction. The property will be returned to the department."

"In afraid that there is not enough evidence to convict these defendants," commented Magistrate Woodliffe after hearing evidence against six Halloween pranksters who were charged with assault and damaging property to the extent of ten dollars. "It is a rather unfortunate thing. If these girls and boys are guilty of doing this thing,

it was a cowardly and miserable kind of prank to play on anyone and especially on these elderly people. It isn't funny at all."

The six accused, five girls and a boy, all of Aurora, pleaded not guilty to assaulting and causing bodily harm to John Woods, Aurora, and damaging his property.

According to Mr. Woods, who said that he lived on Yonge St. about 10 p.m. on Oct. 31, as he was going out his back door to post a letter, someone threw a tomato and a basket at him, which caught him in the face. He stated that he was unable to see out of his eye and had to go to a doctor.

Cross-examined by Lorne C. Lee, counsel for the defence, the witness stated that he did not see who it was who hit him.

Mrs. Woods, who followed her husband to the stand, testified that there were about 20 pranksters and among them she recognized two of the accused.

"They threw tomatoes all over my front porch and window and my back porch and windows and ruined the asphalt siding," Mrs. Woods stated. "I saw some of the mob running past the window. I recognized one girl. I was surprised to see it was her and I never heard such cursing and outbursts as she and the other girls used."

In answer to the crown, the witness stated that she saw a girl throw tomatoes at the house and she took this girl to be one of the accused. She was unable to say for certain that it was the accused. She said that she did not see who hit her husband with the tomato.

A charge of theft against Donald Cruickshank, Toronto, was dismissed when Lorne C. Lee, counsel for the defence, was unable to positively identify the defendant as one of two men whom he saw in his boat on Oct. 9 at Lake Simcoe.

Mr. Pollock told his worship that he kept his boat in a boat-house and that on a number of occasions the door had been broken open and the boat taken out. He stated that on the day in question the boat was missing for most of the day. In the evening he saw two men bring it into dock, he said. When they refused to give him their names he took the number of their car. He stated that he understood that the two men on their way to Toronto had dropped in at the police station in Newmarket and had spoken to one of the policemen.

Asked by the crown if the defendant who was present in court was one of the two men, the witness said that he could not definitely say whether it was or not.

County Constable Ronald Watt testified that the accused was not one of the two men who dropped in at the police station.

"There is no evidence in this case so I am dismissing the charge," stated his worship.

A fine of \$25 and costs of \$16.25 or one month in jail was imposed on James Harry Sutton, Aurora, when he pleaded guilty to illegal possession of liquor. A similar charge against his wife, Mrs. Kathleen Sutton, who was jointly charged with him, was dismissed.

Constable Allan Wallace of the York County police told his worship that in company with Constables Kidd and McElade he searched the premises of the accused on Victoria St. on Nov. 4. He found the accused seated in the kitchen with some of the members of his family and two other persons, he stated. On the table were two glasses of whiskey and a 25-ounce bottle of whiskey, he testified.

The officer stated that he asked Mr. Sutton for his and Mrs. Sutton's liquor permits and the latter went next door to get his wife who produced the permits. There was no entry showing the bottle of liquor had been purchased on Aug. 4, as stated by Mrs. Sutton, on either permit, nor could he find the store number stamped on the seal of the bottle of whiskey, he stated.

Called as witness for the crown, Milton Halliday, Toronto, of the Liquor Control Board, stated that the bottle of whiskey had not been purchased at his store on Aug. 4. Mr. Sutton told his worship that he did not know where the bottle of whiskey had come from but that it might have been left over after the party which had been at his house a few evenings previous when his son was home from Camp Borden.

"The bottle of whiskey was sitting on the table in your home and you didn't know where it came from," commented Magistrate Woodliffe. "Your explanation is not very satisfactory. I haven't enough evidence to justify declaring your house a public place. If the police have evidence they can take it to the Liquor Control Board and cut off your liquor supply."

Four motorists were charged with speeding on Yonge St. The three charged by Provincial Constable William A. Melbourne were: Samuel Corman, Englehart, fined \$20 and costs, and Max Levine and Stanley Thompson, both of Toronto, each fined \$15 and costs. Frank Blaney, Toronto, charged by Chief Constable Fisher Dunham, was fined \$25 and costs.

The Era and Express office is open Saturday afternoon from 2 to 4 o'clock during the winter months.

HOLLAND LANDING UNVEIL HONOR ROLL AT MEMORIAL SERVICE

An impressive service was held in the United church on Sunday evening when a honor roll was unveiled, upon which were inscribed the names of the members and adherents who are serving their king and country. The presentation was made by H. W. Tomes, and was accepted by the minister, Rev. F. G. MacTavish. It was then placed upon the Communion table, upon which was the honor roll of those who served in the last war, 1914-18.

The choir sang as the anthem, Land of Hope and Glory. Mrs. J. Cook sang a solo, When Will Thou Save the People. Miss Prouse, guest soloist, sang There Is No Death.

The pastor preached an appropriate sermon referring to those who made the great sacrifice in the last war and to those who are giving so much in this war.

There was a good attendance at the service.

Later they visited Jerald Pollock of the T.C.A.F. and Mrs. Pollock at Port Hope.

Mr. and Mrs. Frank Marritt and Miss Lois Marritt made a weekend trip to visit Dr. and Mrs. H. D. Marritt near Buffalo, U.S.A.

John Hopkins has returned to his home after spending some time in a hospital in Toronto. He is somewhat improved in health.

The stores in Keswick will be closed every night from Monday to Friday at 6:30 during the winter months. On Saturday the stores will be open in the evening.

ELMHURST BEACH

James Clark, Jr., is ill.

Mr. Hayes, Claude and Lloyd Pollock are exhibiting a number of foxes at the Brampton live fox show this week. Mr. Eastman of Roche's Point has also an entry at the show.

Claire Sturdy has been home on leave this past week.

Several air mail letters have been received from the boys overseas.

Mrs. Pollock has received air mail letters from Wease McGinn, Walt Sedore, James Pedler, Murray Huntley of Queensville, Oran Sedore and Sherman Sedore of Nova Scotia. Word has also been received from Ted Pollock, a prisoner of war in Germany. Charles Wallack of Roche's Point is another faithful air mail correspondent.

Louise Anderson, who has taken a position at a packing plant in Toronto, was home for the weekend.

Mrs. L. Pollock received many beautiful gifts from members of the Eastern Star lodge on Installation night.

NOTICE TO EMPLOYERS AND THEIR MALE EMPLOYEES— Including Farmers

By an order signed on August 15th, 1944, by the undersigned
Minister of Labour under authority of
National Selective Service Mobilization Regulations, 1944:

1. Commencing August 15th, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possesses documents to show that he is in good standing under National Selective Service Mobilization Regulations, 1944 (that is, in relation to the Military Call-up);
2. Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as referred to;
3. Every employer is required similarly to check the documents held by each male employee now working for him, whose documents he has not checked before, and to report to the Registrar for his Mobilization Division at once on any such employee found not to possess documents as referred to;
4. Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;
5. FOR THIS PURPOSE "EMPLOYER" INCLUDES ALSO ANY FARMER OPERATING A FARM, WHO HAS A MALE PERSON WORKING FOR HIM;
6. Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt as to the documents presented actually prove good standing.

The employees of Canada, including farmers, co-operated very enthusiastically on the first check, made up to May 1st, last. This co-operation was sincerely helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9, for reporting to the Registrar, and details as to documents which prove good standing, are available through the nearest Employment and Selective Service Office.

Farmers not needed on the farm during the winter, who answer the urgent call for winter workers in other essential industries, will be given a continuance of postponement of military training while away from the farm.

DOWN THE CENTRE

Junior hockey practices have
started at least for Richmond
Hill and Markham, who both have
their eyes fastened on the O.H.A.
junior C trophy this winter. Mark-
ham has been on the ice twice
already at Ravin rink and large
squads have been out both times.
A. W. Lawton is heading this year's
team, which has chosen red, white
and blue for its colors, not being
able to get the old green and white
swatches nor black and gold used
in more recent years. Carl Sellers,
the goalie, Whitely, Gibson, Tippitt
and Little, all ace performers last
winter, are available for duty
again. Among the newcomers,
Paisley, a Stouffville boy, is said
to be showing up well.

Boris Tippitt, giant defence star
and currently playing football for
Balmby Beach, is said to be either
in the army or about to enter and,
in fact, is being counted upon by
Aurora to make for action at Varsity
arena.

Junior teams this season would
do well to forget all about players
in the army. For one thing, new
army sports rules prevent the boy
playing without extra special per-
mission and while the O.H.A. has
no ruling saying he can't play, the
player in question is leaving him-
self open for trouble by doing so
and clubs shouldn't ask a kid to
take a chance on getting away
with something that may only
lead to trouble. In any event the
Markies, who represented the local
group in junior B last winter,
after the navy, who were the group
winners, were declared class A, will
have another strong team.

Charles Lawton has had one
workout with his Hillbilly boys
and takes the ice again this Satur-
day in Toronto. Twenty players
took in the first appearance, mostly
hometown lads plus one or two
boys from Woodbridge and Weston
and Toronto youngsters. Norman
Stunden, sensational young goalie
of last winter, is back again with
year's experience behind him. He
should be really sensational at the
ripe old age of 15.

Johnny Sullivan, son of the great
Frank "pinch hitter" Sullivan of
Varsity and Granite fame, should
at 17 be another future great. His
younger brother, Frank Sullivan,
Jr., who played with the bantams,
should make the team this year
too. Billy Munce, 18-year-old
Aurora all-round athlete, Gordy
Sanzo, defenceman Bantons, the
young golf maestro of the Aurora
club, Whitley Jones, Herbie Ross,
who never really got going in junior
last winter but went well in inter-
mediate company, and Sonny
Hawthorne are numbered among the
young hopefuls. Charlie has to work
with McEwen and Barker,
both husky, fast lads who played
minor hockey most of last winter,
are due to make junior company,
as well as one or two other of the
good midget team, King Clancy
T.H.L. champions.

The Rumney brothers, Jack and
Don, who tried their hand at
junior last year, concentrated on busi-
ness stuff, are also out and
looked really good in action. They
make a nearly all-homespun team
ready for action. Smith, who
played with Jones for McMullen
Tool, is another likely candidate.
All this means that Newmarket
will have to yet undergo soon if
their opponents are not to have a
big jump on them. We presume
Jimmy Walker and company will
soon be getting things organized.

St. Andrew's College, after a
year's absence from junior B
company following the disastrous
season of 1943, is again returning
to the Prep school group with
U.T.S. Upper Canada, St. Michael's
and DeLaSalle Oaklands as oppo-
sition. Coach Horace Kendall does
not expect his team to be world
beaters or even to win the group
against the Toronto teams who have
artificial ice at their doorstep plus
unlimited assistance for equipment
and playing material, but he does
expect to have a hard-hitting team.

Shortley, who has been playing
fine football, is a grade A goalie,
in fact was sought by U.T.S. (yes,
they have their scouts even in Prep
school) and with Montgomery of
last year's team still available, the
nets will be well protected. Smith
from Niagara Falls and another
Smith from Sudbury will add
strength to the team. Most of the
juvenile team are still around and
the college felt that since most of
the boys are in their last year or
due for engagements in the armed
forces, they should be given the
opportunity to have good competi-
tion.

A juvenile team will again be
entered in the O.M.I.A. by St.
Andrew's. Here is a good oppor-
tunity for Aurora, Bradford, New-
market, Bolton, Richmond Hill and
perhaps Pickering College to form
a nice compact and attractive
group. Last year the college had
to play against Bolton and Rich-
mond with no teams available close
at hand. There is no reason why
such a situation should exist, for
there is plenty of good juvenile
material on hand in all the places
we have mentioned. The O.M.I.A.
will be holding their annual meet-
ing soon so if the towns are con-
templating juvenile hockey they
should get busy. It should be borne
in mind that so long as the age is
O.C. players can perform in both
junior hockey and juvenile.

St. Andrew's will likely have a
midget team also which would
again present the same possibilities
as the juvenile section. No one
can say midget teams can't be
formed in the area. They are
functioning unofficially or other-
wise now and midget just as well
be in regular league.

Mike Miller of Maple, former
Thornton and Woodbridge lacrosse
player and a fair hockeyist, is now
in Belgium with Canadian forces
and writes home to say the native
population is well dressed and
apparently pretty well fed, too.
Flowers and cloths are plentiful
and strangely enough ice cream.
Black market prices of \$2 per
pound are prevailing for tea,
coffee and sugar. Most of the
towns have not been damaged to
any great extent. Belgium must
have fared better than most coun-
tries under the Nazi yoke.

Army Armstrong, for many years
a popular O.H.A. referee in the
district, has been selected pres-
ident for the second year of the
Ontario City hockey league, which
promotes many minor teams and

occasionally at least finds a gradu-
ate or two for the Oshawa Generals
team. Armstrong is a merriment by
profession and also the local tennis
champion. Clarendon, the little
sports-minded community near
Stouffville and once the home of
many championship soccer teams,
is laying plans for a covered arena
when the war is over. An outdoor
rink 180 by 60 with lights and
dressing rooms is being built this
year and funds are being raised
for a postwar rink.

Joe Szabo, the big, tall, skinny
lad who scintillated for the first
Brampton camp team in the local
intermediate group two years ago
and was one of the big scorers in
the group, is stationed at Barrie-
field camp. He will play for that
centre in the Kingston military
hockey league. The Barrie field
boys have quite a few talented
players on hand including Perras,
Oshawa, Clarendon, Brown of Detroit
Red Wings, one of the Oshawa
boys and Gordy Fanning, ex-
Aurora junior, among others.

Shepperton, the Canadian bred
race king owned by Fred Schelke of
Gormley, who a few months ago
appeared headed for breeding pur-
poses only, is responding nicely to
the treatment of J. R. Black,
Toronto horse specialist. The big
horse will winter at Gormley and
take the track again in 1945. Mr.
Black discovered Shep had sus-
tained a dislocated bone in the left
foreleg. It was put back in place,
the muscles were drawn together by
use of hypodermic injections, then
came blistering and firing. Mr.
Black feels that with careful hand-
ling Shepperton will race as well
as before. We imagine horses are
like humans in that it will require
quite a bit of practice and some
psychology before the injured men-
tal will be put to the full test. We
have noticed in many cases that
when athletes suffer an injury, they
never regain their true form
again because of some inner feel-
ing about the former injury.

We saw A. B. Gardner the other
day. He was formerly on the
staff of Newmarket high school
and is now principal of Meaford
high. Back in the 20's, "A. B." was
a booster of sports at the New-
market school and coached soccer,
track and basketball. He has been
out of the coaching end of scholastic
life for some years but this
season, with his staff depleted so
far as experienced coaches are
concerned, he has come out of re-
tirement. His track team did well
in competition and right now he has
a nifty little basketball team in
action in the Meaford town league.
They could probably compete suc-
cessfully against most schools in
North York. Meaford is fortunate
in having a compact little army
with a good basketball floor in the
centre of the town and is one of
the few places in Ontario where
basketball is fast becoming a major
sport.

Another familiar sports figure
of the same era in North York was
Eric Soames, son of Rev. P. R.
Soames of Aurora Anglican church.
Eric played baseball for Aurora
and was a pretty fair first base-
man. He had previously played
cricket and rugby at Ridley College
and went on to play outside wing
for the senior Toronto Varsity
rugby team. Eric is now prac-
tising medicine at Oakville and
for some years coached Oakville

high school teams. This year he
has been officiating at most of the
rugby games in that district and
the other day, when Port Credit
high refused to abide by his
decisions, rightly enough walked off
the field. Before he left however,
Eric had banished three Port
players from the field.

Vern Ayres, ex-New York Ameri-
can player and star defenceman of
Brampton camp last winter, is
stationed to do his puck-chasing this
winter for Toronto Army skaters in
the T.H.L. senior series. Vern is
still stationed at Brampton but
that centre will have no team this
year. Don Hamilton, former goalie
for Aurora juniors who played goal
for the Rocks last winter and was
generally considered the best in a
league which had no other nomi-
nations, is again in line for the Toronto
army team's goal spot. Jimmy
Armstrong, formerly of Milton
juniors, is likely to be substitute
custodian.

Bep Goldolin of Boston Bruins,
Buck Davies of Aurora R.C.O.C.,
Ed Reagle and Ron Wilson of
Oshawa Generals, Rhys Thomson,
who played briefly with the Toron-
to Leafs, Johnny Holota, Detroit
Red Wings, Pee-Wee Summerhill of
New York Rangers, Earl Robinson of
Montreal Maroons, Toronto
Stratford juniors and Canadians
Harry Dick of Aurora R.C.O.C. and
Cleveland are some of the better
known puck artists on hand for the
debut team.

Lloyd Finkbeiner, who played the
Brampton softball series for New-
market camp, is back in Toronto
again and will be on the team, too.
He would seem that with all that
army of talent on hand the
management would not need to
import any of the boys at No. 23
B.T.C. for their team which, of
course, will be good news for Capt.
Bing Caswell and his cohorts who
expect to take to the ice soon for
some pre-season training. Their
schedule doesn't start until the
second week in January. An entry
from No. 23 in the Toronto Garrison
league can be taken as a de-
finitive. We don't know if the
Newmarket team would have to
play all their games in Toronto
under a set-up like that but
chances are they would be able to
snag the odd game for home ice.

The strange case of Frank Long,
scheduled to play hockey this win-
ter for St. Catharines juniors, reads
like one for the book. Long is a
former St. Kitt's junior who signed
to play professional hockey with
Providence Reds although still of
junior age. Now he is asking to
be released from his contract on
the grounds that he can make
more of the greenbacks playing
junior hockey and what's more,
he's going to get the O.K. too.
Reminds you of pre-depression
days.

Eddie Michanuk, brother of
Aurora's Frank Michanuk, who
played softball briefly with Aurora
and was in junior hockey with
both Unionville and Markham ju-
niors, is being counted on to catch
a berth with Marlboro juniors this
season. Eddie suffered an injured
wrist in a recent practice but will
be ready for the regular season.

Earl Clendenning, one of a trio of
Stouffville brothers who won fame
on North York baseball diamonds,
is now stationed at Wilkie, Sask.,
with the Royal Canadian Mounted
Police. John Stuenkel, the Aurora
boy who in a few brief years rose
to be one of Canada's leading non-
championship ice hockey players,
is sponsoring Young Maple Leafs in juvenile
hockey this winter under the name
of the cigarette product he is put-
ting over with a bang. The Young
Maple Leafs won T.H.L. and Ontario
midget honors last year and are

STAR IN CHRISTMAS HOLIDAY

The tense drama of human conflict engulfs Dean Harens (left), Dorinda Durlin and Gene Kelly in Christmas Holiday, a dramatization of W. Somerset Maugham's novel. Kelly portrays Miss Durlin's first serious husband. The picture plays Monday and Tuesday at the Strand theatre, Newmarket.

EAST GWILLIMBURY
Will Hold Four-Day
Deer Hunt in Township

The monthly meeting of the East
Gwillimbury council was held at
Sharon hall, Saturday, Nov. 4.

The nomination meeting for can-
didates for the 1945 council will be
held on Friday, Nov. 21, at Sharon
hall from 1 to 2 p.m.

There will be a deer hunt in the
township authorized by the depart-
ment of game and fisheries for
four days, Nov. 22, 23, 24 and 25,
shotguns only to be used and no
dogs. Licenses are available at
the clerk's office.

Due to the fact that the county
of York owns the Bradford toll
road the council passed a resolu-
tion that the county assume res-
ponsibility and maintain the road.
A copy of the resolution will be
sent to the Toronto and York
Roads Commission.

The worst inflation came AFTER the war the last time . . . to be followed by disastrous
deflation, unemployment and confusion. For Canada to manage successfully the change
back to peace, maintain employment, and meet the world's competition . . . we must
continue to have stable economic conditions. To protect the individual from rising costs of
living and later unemployment we must continue to prevent inflation.

To prevent a repetition of the conditions following the last war
PRICE CONTROL MUST BE MAINTAINED
AS LONG AS INFLATION THREATENS US.

This can only be done if production is efficient and economical, costs are kept down
and consumers refuse to pay more than ceiling prices.

THIS IS ONE OF A SERIES ISSUED BY THE GOVERNMENT OF CANADA TO EMPHASIZE THE IMPORTANCE
OF PREVENTING A REPETITION OF THE COST OF LIVING NOW, AND INFLATION LATER

"24-HOUR
DAYLIGHT"
FOR THE FACTORY

A GREAT step forward in lighting
science! That's what Edison Mazda
Fluorescent Lamps represent. Today in
busy war factories they give cool, de-
pendable "indoor daylight" that mini-
mizes glare, softens shadows, reduces
fatigue and eyestrain. Tomorrow they
will be available to give your home
and office the same efficient cheerful
lighting.

Radio Service

You can help us give quicker service by bringing your radio to the shop whenever possible. If you remove the chassis from the cabinet bring the speaker too. In case of battery sets bring the batteries also.

We have a large stock of parts and most tubes. At present we have plenty of batteries but there will likely be shortages later.

Regarding radios, we do not expect new ones for some time. We still have a few used ones which we are reconditioning as fast as time permits.

TO THE EDITOR

TO THE PUBLIC

To the editor, The Era and Express: Let me draw your attention to the fact that in the last five years we have been at war. Money has been no object. We had a job to do and each one did their part of that job. Our minds were set on one thing, win this war at all costs. Some day the war will be over, the boys will be home. We will celebrate their homecoming and tell them what a fine job they did. In fact, we will think for a while that there is nothing too good for them. We really mean to act accordingly, but will we? I fear not. Because our memory is not so good. We let ourselves forget our duty.

I say this because I remember the war of 1914-1918. The men of the last war fought and died, others came home crippled, a great number of them are with us. Some are really having a hard time to get along. You, Mr. Public, are partly to blame. They fought for you and you failed them. How can I believe that you will not fail again?

I think a great deal of their suffering could have been prevented if public opinion had been in their favor. We have the right to express our views through the press. Let us raise our voice against any injustice. There is plenty of money for all of us. We should not sleep until each and every man that fought is settled at a job with wages enough to allow him to live as a person should live. These boys do not want charity, it would be an insult to offer them anything less than a job with good pay. And by what I can gather, they are looking forward to something better than what they had when they went away.

If these boys are not treated as men I am really afraid of the outcome. They have been working at a dirty job. That job is killing. They served their time learning that trade that is the result of war. They are not the same as when they went away. I have talked to some of them. They only ask for a decent chance. If they are to get that chance the public must get behind them.

Public opinion is a very strong weapon. Arouse the public and watch what the results will be. The public knows they are good men and are only asking for their dues. The boys of 1914-1918 are

all behind these men because they know, the same as I know, that selling pencils is an honest job but with little profit and to beg for a cup of coffee—well—plenty of times you had no coffee.

I am writing this letter in hope that it may stir up the public to see their duty and I am sure when John Public is aware that his duty is to back our returned men John Public will fight and how he will fight. We must not let things happen as they did after the last war. I would like to hear from a few public-spirited citizens or as many as can get space in our local paper. Get going, Mr. Public. Let's see what happens. Just one of the public.

W. N. LaFardo.

LIEUT.-COL. BREULS HAS RETIRED FROM ARMY

Lieut.-Col. Harold A. C. Bruehl, E.D., former Conservative candidate in North York and well known in war veteran circles throughout the county, has retired from the army owing to a physical ailment.

Lieut.-Col. Bruehl served in the Great War with the Royal Artillery and was wounded in 1918. On his return from overseas he entered law. In 1929 he resumed military duties with the 12th York Rangers, becoming adjutant and later a company commander. He volunteered for service early in the present war and joined the staff of the adjutant-general. In July, 1941, he was appointed deputy assistant adjutant-general, and was appointed lieutenant-colonel in May, 1942. He received the E.D. this year.

Lieut.-Col. Bruehl unsuccessfully opposed Col. W. P. Mulock, present member for North York, on two occasions.

MAPLE COUPLE HAVE RECORD GERANIUMS

Mrs. Charles Dew of "Stump-lands," Maple, the former Verna Bryan of Aurora, and Mr. Dew have set a district record for geranium growing. Mr. and Mrs. Dew have five two-year-old geranium plants which have had a total of 411 blooms, the largest plant having 133 blooms itself. The geraniums have been potted in tubs and kept in the cellar during the winter. The authenticity of the count is attested by two neighbors who have faithfully recorded the new blooms.

MAKE PRESENTATION

Aurora United church Y.P.U. met last Monday evening. Joan Crysdale was in charge. A pleasing feature was the presentation of a silver dish to Pte. and Mrs. James Emmons, whose marriage took place during the summer. Joan Harrison read a poem she had composed for the occasion, and Bill Babcock made the presentation. The worship period was taken by Joan Crysdale and Joan Swindle. Jacqueline Thomson led the sing-song. The topic for the evening was The Life and Books of Dr. E. Stanley Jones, noted missionary. The theme was taken by Joan Crysdale, Carol Underhill, Walter Swindle, Clair Bryan and Bill Babcock. A display of Dr. Jones' books was of timely interest.

Councillor Endorses Hollywood's Advantages

A letter was received by Aurora town council from Councillor A. N. Fisher, now in Hollywood, Calif., at a meeting last Monday evening. The letter was most eloquent and told of the advantages of living in Hollywood and caused some sighing among the councillors as it was read. The joke was that the letter was made up by a printer. All that Councillor Fisher did was to sign his name to it.

ST. ANDREW'S LOSE 11-1

St. Andrew's College senior football team lost its chance for the Little Big Four football title at St. Catharines a week ago when Ridley College defeated them 11-1. The Ridley boys, heavier and more experienced, received the breaks in the first half to lead 7-0, and from there on played a careful game where-as the Andrians had to take chances. Errington booted the lone St. Andrew's point. St. Andrew's were better than the score indicates.

Nine hundred and thirty-eight blood donors have given blood plasma to date in ten clinics held since Feb. 16, 1942. The next clinic will be held early in the New Year.

SNOWBALL

Mr. and Mrs. Albert Badger and Mrs. James Badger, who are moving to King, were honored at a progressive euchre and dance in Snowball schoolhouse recently. Charles Casey made the presentation of an end table to Mr. and Mrs. Badger and a bed lamp to Mrs. Jas. Badger on behalf of the community. Mrs. Mills presented them with a teapot to match cups and saucers previously given to them.

The hot fowl supper last Thursday evening was a decided success. The monetary returns were gratifying.

The W.A. and W.M.S. meeting was held Wednesday afternoon at the home of Mr. and Mrs. Calvin Mitchell.

Mrs. Douglas Sheridan and baby, Joan, London, England, are making their home temporarily with Mr. and Mrs. Emerson Bateman. Mrs. Clifton Copson is the delegate attending the Women's Institute convention in Toronto this week.

UTILITY COAT

Pa (buying an overcoat)—I can't wear this thing, Ma. It's three sizes too big.

Ma—Oh yes, you can, Pa. Remember it's got to cover the car radiator and also be big enough to spread over the children's bed on cold nights.

WITH THE FORCES

Wren Irene Heath, H.M.C.S. Conestoga, Galt, spent the weekend with her parents, Mr. and Mrs. Orval Heath.

Sgt. James Murray, who has been on course at London, Ont., has returned to Camp Borden.

Dr. Erskine Robertson Buried at Collingwood

The death occurred at Collingwood on Thursday, Nov. 9, of Dr. R. Erskine Robertson, D.D.S., in his 30th year. Dr. Robertson, son of Dr. R. E. Robertson, Collingwood, was born and educated in Collingwood. He attended Dental college at the University of Toronto. On graduating in 1939, he purchased the practice of the late Dr. E. V. Underhill, Aurora. After practising here for some months, he was forced to retire through ill-health and sold his practice to Dr. A. W. Boland, later joining his father in practice in Collingwood.

While in Aurora he was a member of the Aurora Golf club and made many friends. Two years ago he married Joan Bernhardt, Collingwood, who survives him, along with his parents and sister, Mrs. Jack Portland, Collingwood. He was a member of the United church, Psi Phi fraternity and the Masonic order, under whose auspices the funeral was held on Saturday. The interment was at Trinity United cemetery, Collingwood.

BACK AT SCHOOL

John Crysdale, winner of the Reuben Wells Leonard scholarship at the University of Toronto and the John Sturt scholarship for being the leading scholar at Aurora high school, is in attendance at the University of Toronto. John enlisted as a wireless navigator with the R.C.A.F. last July. With R.C.A.F. training curtailed to a large degree, he is attending university. He has volunteered for duty with the air arm of the Canadian navy.

A.H.S. DEFEATS SAINTS

Aurora high school soccer team defeated St. Andrew's College eleven 3-0 last week in the town park. Gar Doolittle tallied twice for the local students with Bill Mundell getting the other. Wynne was the star of the college team.

Mrs. Charles Badger, 45, Dies After Long Illness

Funeral services were held last Thursday for Mrs. Charles Badger, Aurora, who died Nov. 9, after a lengthy illness, at York County hospital.

Mrs. Badger, who was in her 46th year, was born Marjorie Ireland, and was a native of Vaughan township. She attended Richmond Hill high school. Mrs. Badger was a member of Aurora United church.

Rev. Roy Hicks was in charge of the service. Interment was made at Maple cemetery. Mrs. Badger is survived by her husband, one daughter, Jane, her mother, Mrs. Jesse Ireland, and two sisters, Mrs. Norman Bryson and Mrs. William Bryson, Vaughan township.

SAM ASH WEDS KETTLEBY GIRL

The wedding took place at Trinity Anglican rectory on Saturday of Annie Jacqueline Graham, daughter of Mr. and Mrs. Peter Graham, Kettleby, and Samuel Ash, Aurora, son of Mrs. W. H. Rutherford and the late James Ash. The ceremony was performed by Rev. Canon F. J. Fife.

The bride, given in marriage by her father, wore white net over white satin, and a finger-ring veil. Her flowers were American Beauty roses. Her only attendant was Margaret Santos, Tillsonburg, who had chosen a gown of pink net over pink satin and a matching sweetheart hat. Her flowers were Joanna Hill roses. Jack Ash, Kettleby, brother of the groom, was best man.

Following the ceremony, a reception for the immediate families and friends was held at the home of the bride's parents. Mrs. Graham received in a green sheer frock, with black hat and black accessories and a corsage of red roses. Mrs. Rutherford wore an olive green gown, with matching hat and black accessories.

For travelling the bride wore a green ensemble with black accessories. After a wedding trip in northern Ontario, Mr. and Mrs. Ash will reside in Aurora.

CAN TRUCK OWN TREES

Farmers cutting Christmas trees on their own property are permitted to haul these trees in their own trucks beyond the 35-mile limit, the W.P.T.B. bulletin says. Other persons may not haul trees in trucks beyond this distance.

WAR MEMORIAL DISCUSSED BY BIBLE CLASS

The first Aurora group to stage a discussion hour on the war memorial to be erected on the Stevenson property, recently acquired by the Aurora board of trade, was the Adult Bible class of Aurora United church, presided over by E. H. Clarke. No definite solutions or ideas were arrived at but so keen is the interest the group plans to have a discussion on the matter at a later date.

"There are many ideas on the subject," Mr. Clarke stated. "It is an important matter and I believe all sorts of groups in the community ought to get together and talk over the whole question. The board of trade will want a united community behind it in whatever is planned. By its very nature any memorial in the community must be considered in its value in the sense of service to the townspeople. I hope there will be general discussions throughout Aurora."

ALLEN JACKSON WINS ORATORICAL CONTEST

York No. 1 inspectorate public school oratorical contest was held in Aurora public school on Monday evening. There were eight contestants representing the different schools or districts in this inspectorate. Allen Jackson of Newmarket was judged first, and had as his topic, The History of Books. Robt. Watson of Woodbridge was second and gave The Story of Lord Baden-Powell and the Origin of the Boy Scouts. Sandra Adams of Thornhill chose Canada, Our Native Land as her subject and came third.

These winners will represent this inspectorate in the county contest in the county council chambers in Toronto on Nov. 22. John G. MacDonald, principal of the Aurora school, was the chairman. Inspector A. O. McKillop spoke briefly and Dr. C. J. Devins, chairman of the public school board, spoke. The judges were Donald Webster, Miss Genevieve Robinson and Mrs. G. Bartlett. Several musical numbers were given by the pupils of the school.

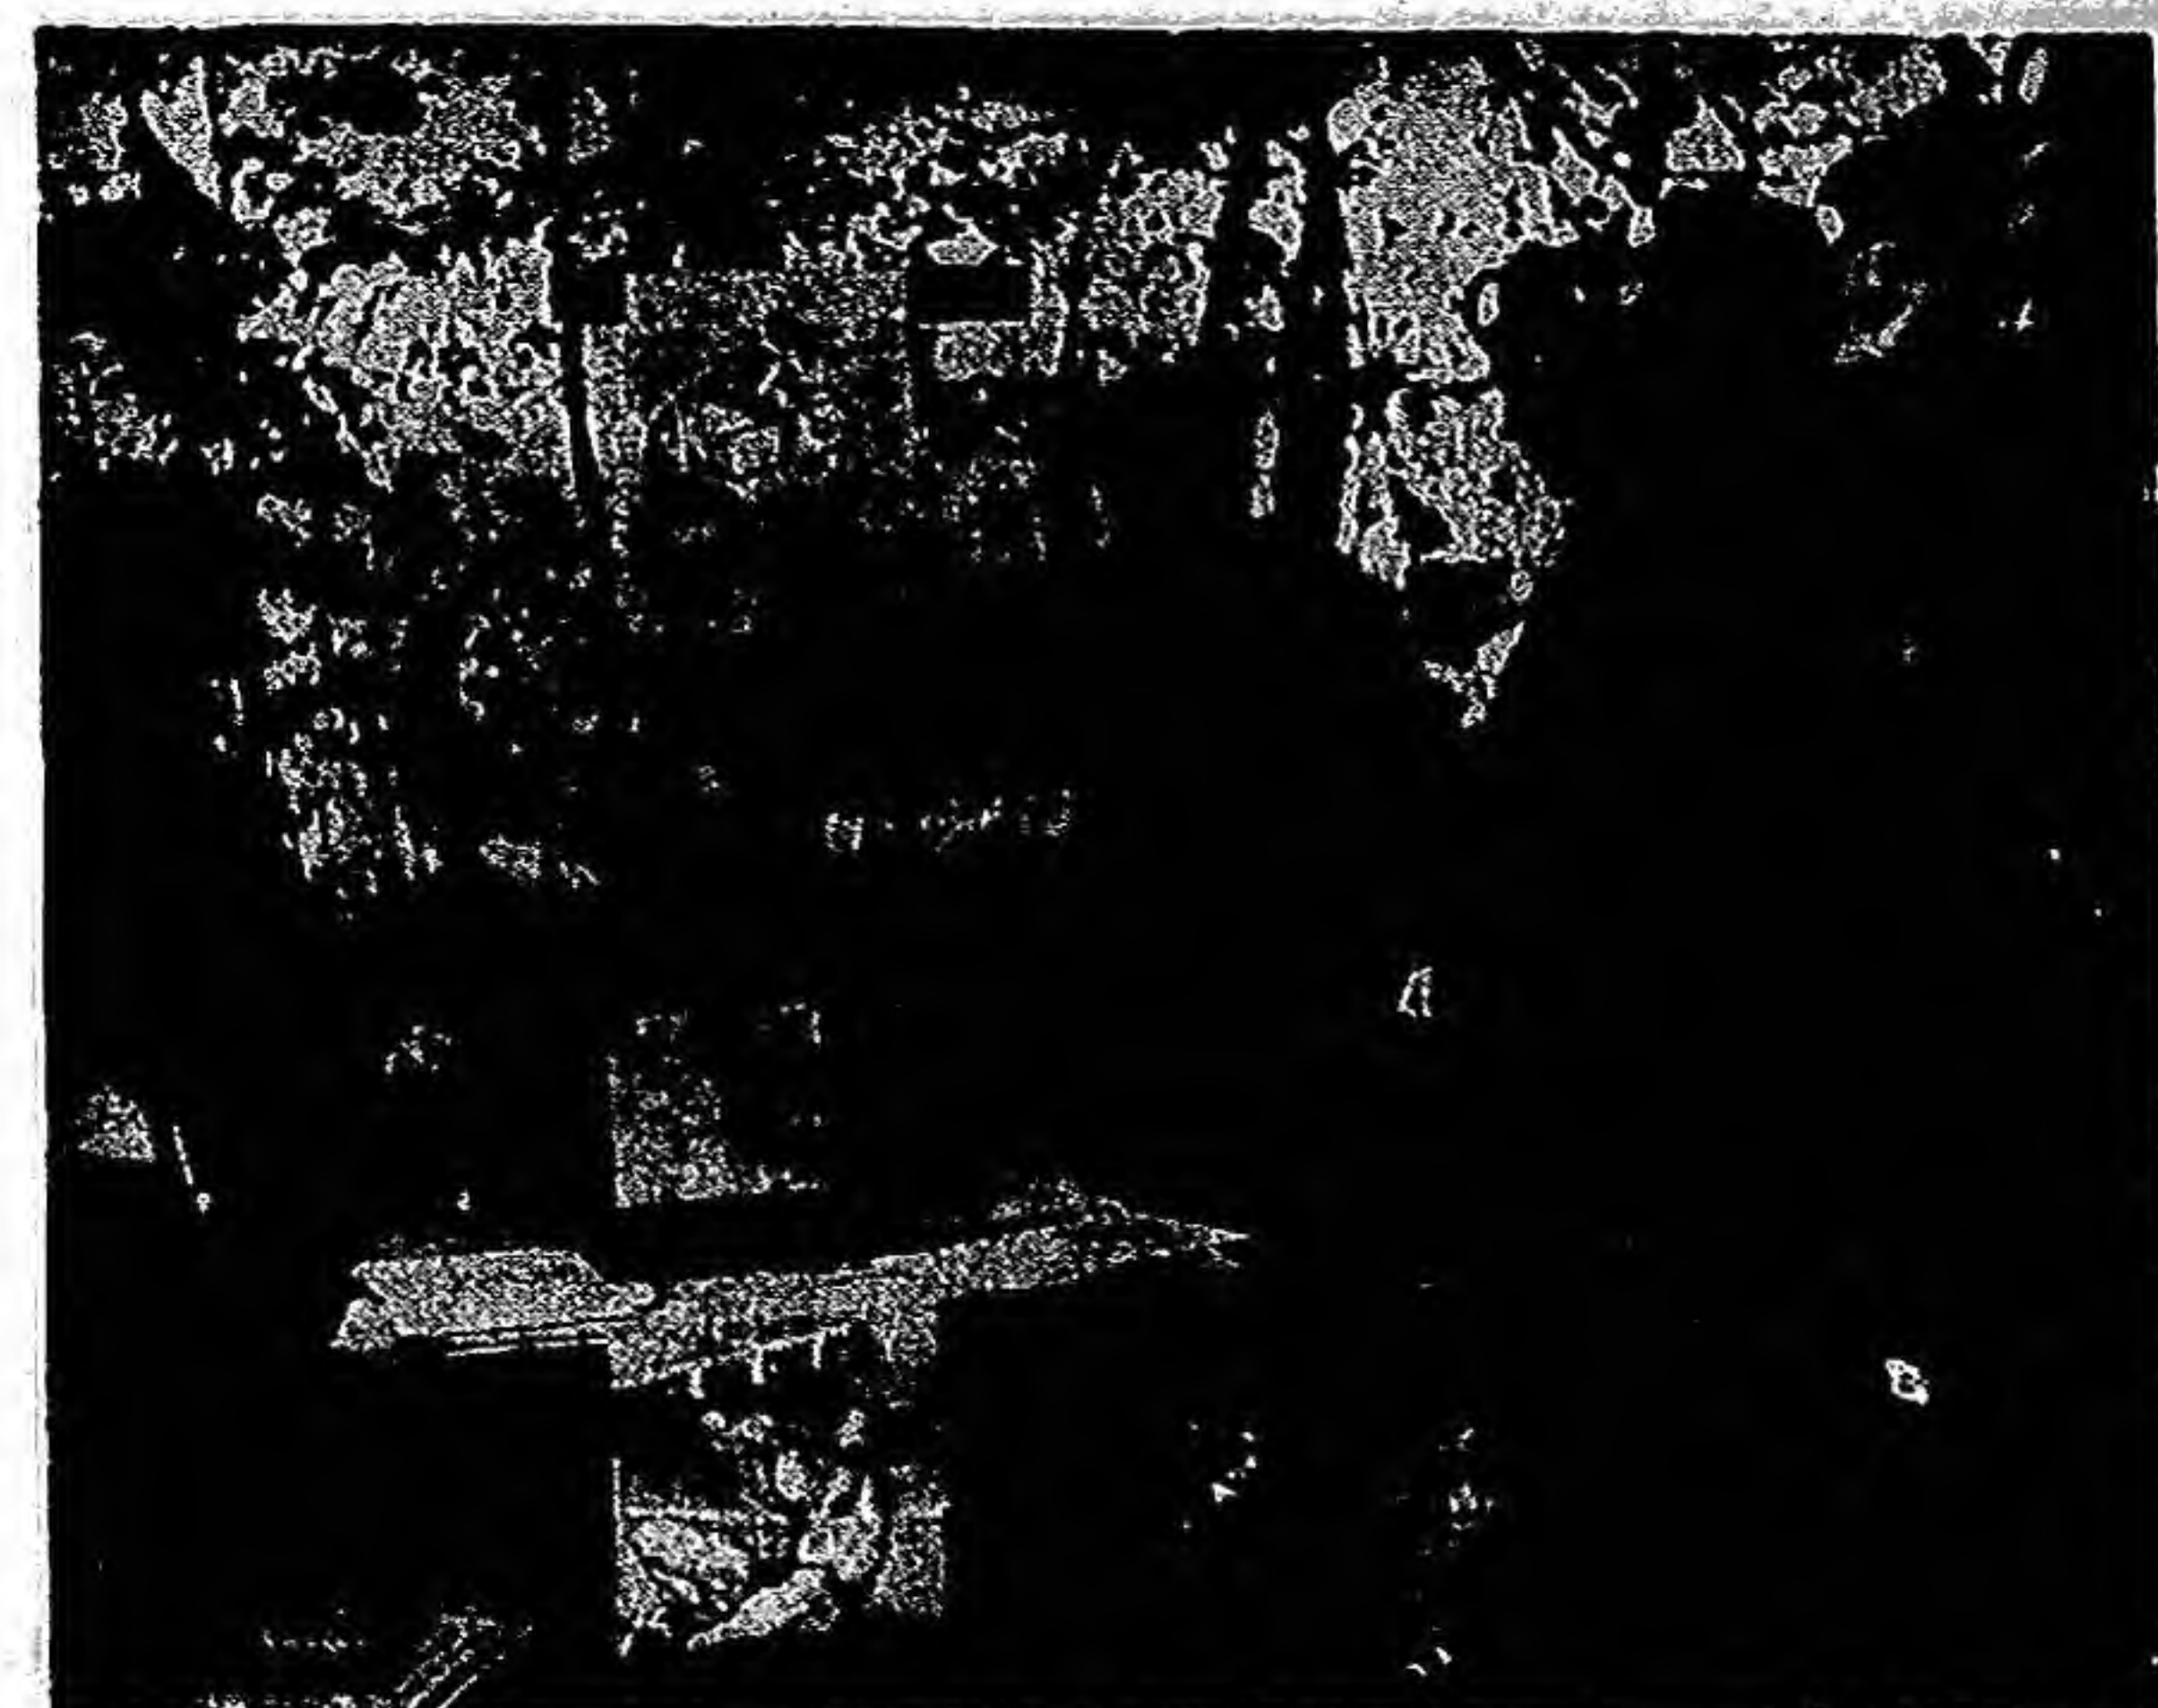

FILL 305 Ditty Bags To Send To Navy League

The citizens of Aurora and surrounding districts and the Temperanceville W.I., Temperanceville school, Oak Ridges school, Vancor W.I., Wesley church, Pine Orchard W.I., Gormley W.I., Snowball W.I., Kettleby United church W.A., Kettleby girls, Aurora United church W.A., Presbyterian W.A., Anglican Parochial guild and W.A., Baptist ladies, Women's Co-op. Guild and the L.O.B.A. have filled a total of 305 ditty bags for the Aurora branch of the Navy League. The committee in charge was Mrs. Gordon Baldevin, Mrs. Wm. Bonkes, Mrs. J. Crysdale, Mrs. C. A. Wright, Miss A. Smith and Mrs. F. R. Underhill.

The Y.W.M.S. of St. Andrew's Presbyterian church entertained the Y.W.M.S. of Newmarket at the home of Mrs. Herbert Stocks on Monday evening. The guest speakers were Miss Isabel Hunter, Toronto, who gave an interesting talk on Missions at Home and Abroad, and Miss Schroeder, also of Toronto, who brought the compliments of the Toronto presbytery to the ladies here.

The Era and Express may be purchased in Aurora at Messrs. Morning's, Whitelaw's and Willis's.

AURORA BOY BUYS BOND IN FRANCE

First in line in the above picture showing Canadian soldiers in France buying Victory Bonds in the Seventh Victory Loan is Pte. Robert Hodgkinson of Au-

rore. Mrs. Hodgkinson and family reside on Wellington St. Pte. Hodgkinson is a son-in-law of Major W. H. Taylor. He enlisted in 1941 and has been

overseas for over two years. At the table is Lieut. S. R. Charters, Brampton. The sergeants in the picture come from Prince Edward Island.

Lay Wreaths At Cenotaph In Honor Of Aurora Boys

Aurora observed Remembrance Day Saturday morning with an impressive memorial service at the cenotaph.

A parade composed of a detachment from No. 23 B.T.C., Newmarket, under the command of Lieut. Fred White, a C.W.A.C. detachment from the Aurora R.C.O.C. Depot, Aurora War Veterans, Newmarket camp pipe band, Aurora Citizens' band, Aurora high school cadets under the command of Cadet Major Harold Corbett and Aurora public school cadets under the command of Cadet Major Guy Rogers, paraded from the town park to the war memorial. A guard from the Newmarket detachment took posts on the four sides of the monument.

Mayor Ross Linton acted as chairman. With him were Hon. W. P. Mulock, Reeve C. E. Sparks and members of the Aurora town council, Morgan Baker, Deputy-Reeve Lorne Evans, Whitechurch, and members of the clergy. Rev. Thomas R. White read the scripture and Rev. Canon F. J. Fife led in prayer. Those assembled sang Onward Christian Soldiers.

"Twenty-five years ago today the Armistice was signed, ending the last war and bringing, as we thought, lasting peace," said Mayor Ross Linton. "Today we mourn not only those whose names are inscribed on this monument but also many Aurora and district boys as well as all who have paid the supreme sacrifice in this war. We all pray the war will end soon, but this time we must see our sacrifices are not in vain."

Mayor Linton paid tribute to the memory of Sir William Mulock who contributed greatly to the erection of the monument and was a regular attendant at the services. On behalf of the town of Aurora he placed a wreath on the monument.

Mrs. Orval Heath, whose son, Pte. William Heath, was killed in action in this war, laid the wreath for the province of Ontario. Col. Mulock laid a wreath on behalf of the York County War Veterans' Association. Mrs. Norman Ende placed the wreath of the Aurora Red Cross Society, and Mrs. H. Dawson the Collis Leather wreath, in memory of Sgt. Charles Dawson and other Aurora boys.

At 11 o'clock factory whistles were heard, and two minutes silence was observed. Revellie was sounded by a bugler from the Newmarket camp and the brief service ended.

Col. Mulock took the salute in front of the Aurora post office on the return from the monument.

BUILD \$7,500 ADDITION

A \$7,500 addition is being built to the Collis Leather Co. plant on Tyler St. It will be used for storage purposes and increased factory facilities.

WED 52 YEARS

Mr. and Mrs. Charles Hunt, King township, celebrated their 52nd wedding anniversary today. Mr. Hunt, a native of the township, is 70. Mrs. Hunt, who was born in Wellington county, is 75. Both are in good health and are members of Snowball United church. For 44 years they have resided on the same farm on the 4th concession. Friends and relatives celebrated the day with them.

PTE. JOELL CLARKE IS NOW PRISONER-OF-WAR

Mrs. Helena M. Clarke, Sumnerhill Ave., Toronto, who resided on Yonge St. north in Aurora for some years has received word that her only son, Pte. Joell Clarke, who was previously reported missing, is now a prisoner of war.

Pte. Clarke was raised in Aurora and attended public school here. He later attended Vaughan Road Collegiate. He enlisted in 1939 and went overseas in 1940. After being in England three years, he took part in the invasion of Sicily and has been in action in Italy since then. Pte. Clarke is one of the tallest soldiers in the Canadian army, standing six feet, six inches.

GLAD HE BOUGHT BOND, DAD BOUGHT ONE TOO

Nine-year-old John Hodgkinson, whose father, Pte. Bob Hodgkinson, serves in France, took over an Era and Express route in Aurora last spring. Since then he has more than doubled the number of weekly customers. Besides buying a weekly war stamp and spending some money for fun, his earnings, plus some pocket money received, enabled him to purchase at \$50 war bond in the Seventh Victory Loan. John is glad he did too, for he has just learned that his dad did the same overseas.

Leather Workers Vote For Union At Collis

Eighty percent of the employees of the Collis Leather Co. voted for the National Union of Shoe and Leather Workers to act as their bargaining agency in an election conducted in the plant by the Ontario Labor Relations Board last Thursday. The vote was 98 to 28 in favor of the union. Of the 138 eligible to vote, 124 voted, some being absent through sickness, etc.

"The union will meet with the company to work out a collective agreement covering all employees except foremen and those above the rank of foreman."

DISAPPROVE OF POLICY

The 220th York Rangers War Veterans' Association, of which quite a few North York men are members, expressed unanimous disapproval of the government's policy regarding "the zombies" at a meeting in Toronto on Friday, and have dispatched a letter to Prime Minister King urging all-out conscription.

A.H.S. DEFEATS A.P.S.

The Aurora high school football team defeated Del Babcock's public school lads by a score of 2-0 Tuesday night. This is the second time this year the high school eleven have triumphed over the public school boys. For the past few years the high school lads have been the underdogs as far as the soccer season went but this year the tables have turned and the high school has come forth with the strongest team in a long while.

Several weeks ago the juniors from the high school won a hard-fought tussle by a score of 2-1. Again on Tuesday night they showed their form by carrying the play practically all the way. Southwood and Rose were the goal-getters for the high school. The Lawson brothers played hard to stave off the continued rushing of the winning forward line but they were not quite able to do the trick by themselves. The game was clean and fast all the way. Gar Doolittle refereed.

SCHOOLS TAKE SERVICE Education Sunday

Education Sunday will be observed on Nov. 19 at 11 a.m. at the United church. The choir will be composed of children from the schools of the district. Teachers of the village and community schools will be in charge of the service. Three short addresses will be given. Mr. Harding will speak on education as a basis for life, Mr. Thompson on education and religion, and Mr. Harwood on education for world citizenship.

Sunday evening at 7.30 Rev. W. H. Burgess will give an illustrated address, Christ Comes to the Hills.

Blood donors are urgently needed. All those of suitable age and medical fitness are asked to be ready for the next clinic, Nov. 24, at Newmarket.

Mr. Asa Jewell, Toronto, spent the weekend with his cousin, Mr. W. R. Steeper.

Mrs. W. Draper spent last week at the home of her daughter, Mrs. Marshall Lyons, Scarborough.

Mr. and Mrs. Ed Stiver, Scott, have been visiting at the home of Mr. Stiver's sister, Mrs. T. Watts.

The Markham Dramatic club found a hall overflowing with people when they came on Wednesday night to put on their play, A Ready-Made Family, which was amusing. The characters were well depicted. This was in connection with the United church anniversary. The net proceeds were \$80.

The Women's Institute met at the home of Mrs. W. Shillinglaw on Thursday. The proceeds of their tag day for York County hospital are now \$150 and \$8 from the Halloween party collection is being sent to the Milk for Britain fund. A euchre and Five Hundred party will be held in the near future to assist the hospital fund.

A talk on bees by Carl Lees was interesting. A paper on problems of rural life was given by Mrs. H. Harmon. Twenty-five ladies were present.

The Remembrance service at the United church on Sunday was attended by a large congregation. A number of veterans and those in the armed service of today came in a body. A short service was held at the memorial gateway and a wreath was placed in memory of those who paid the supreme sacrifice in the last great war. Rev. W. H. Burgess was assisted by two veterans, Carl Lees and Geo. Calver, in the service. The choir sang Jerusalem. The Last Post was sounded by Bugler

O'Brien of Newmarket who had come over with a number from the camp for the service. The veterans had the usual sale of poppies on Saturday in the community. The proceeds of \$48 will go towards soldiers' comforts. The younger girls did a good job as salesladies. Mrs. Nell Rowan has closed her home for the winter and has gone to Toronto with her son, Ben.

Mr. and Mrs. Geo. Allison and Mr. and Mrs. Thos. Iyke had a motor trip to Buffalo for a few days and while there attended Sunday services at Churchhill tabernacle.

The Red Cross expect to see everyone at the euchre and dance in the hall on Friday evening. The Merry-makers orchestra will be in attendance. The Women's Institute will hold a euchre and five hundred in the hall on Nov. 22. The proceeds are for the hospital fund. Mr. and Mrs. Oscar Robertson, Fort Erie, were in town over the weekend.

The hunters have returned home after a grand holiday. Mr. and Mrs. Ross Boden, Ajax, were at the home of Mrs. Boden, Sr., over the weekend.

Mrs. W. Tozer (formerly Audrey Thirk), Toronto, spent the weekend with her cousin, Mrs. H. Pearson.

Mrs. Blaine Moore, Gananoque, visited her mother, Mrs. J. Crowie, this week.

Era and Express classified columns fill many needs.

SAY FAREWELL TO PASTOR AT Mt. Albert Church

Alexander Cox and Miss Edna Pohl, former pastor and pianist at the Mount Albert Gospel church, were honored at a farewell dinner in the church on Saturday evening, Oct. 28. Over one hundred were present to bid them farewell and blessing in their next field of service.

Mr. Cox, who had been pastor of the church for nearly seven years, was presented with a wrist watch, and Miss Pohl was given a beautiful cedar chest by the congregation.

After the chicken supper, speeches were made by Rev. W. H. Burgess of the Mount Albert United church, who said he was thankful for the happy fellowship which had existed between the two churches and felt sure that this spirit would continue under the ministry of the new pastor, Rev. E. S. Kerr.

Rev. Norman Rowan, a friend of long standing, brought a brief message to the people, speaking of the achievements of the work under the able ministry of Mr. Cox.

Mr. Cox, in his 'message, thanked each one for their help and co-operation in the church and asked each one to do their part in the work under the leadership of the new pastor. Pastor G. S. Kerr thanked Mr. Cox and the fellow preachers for their words of welcome and good wishes.

Mr. and Mrs. Macduff Copeland gave several messages in song.

partment has found that there are so few cases between the ages of five and 13 that it is not worth the expense involved in making the tests.

"What concerned me," said Dr. Wesley, "was a report that some public school pupils are T.B. contacts. The department of health says that T.B. is very rarely diagnosable between those ages, and it rarely develops to the stage where it harms either the patient or the people in contact with the patient."

Principal H. A. Jackson reported that the latch on the west door of King George school is defective. "We had a fire drill and by the time the boy appointed to open that door had managed to get it open, the children leaving by the other doors were already outside."

Arrangements were made for the latch to be fixed.

Vice-principal Fred Hall told the board that Pearl Gunn had completed eight years of public school at Alexander Muir with a perfect attendance record throughout and
